

Dear Beth,

I drove from Williamsburg to my parents home in Chesterfield on route 5 to avoid traffic on I 64 returning from a bicycle race.

I am very excited about the Capital bike trail.

I think the construction is wonderful.

I am reminded of the Bellevue Washington Green Belt near Belle Vue Community College in the Suburbs of Seattle Washington.

The Bellevue Green Belt has a blueberry farm that is free of charge and a community garden where a garden plot may be rented.
